## ELIGA. CREATE. COLLABORATE. CONFIGURE.

Today, the way we do business is changing. Spontaneous meetings, impromptu presentations and group collaborations are the norm. Enter Eliga. A line of clean, crisp furniture that is ready to be refigured to build different cases and adapt to fit into any situation.

### A BETTER BEVEL

A unique 45-degree bevel detail makes each piece in the Eliga Media Case line look like it's one of a kind. Yet when the pieces are aligned together, they create a near-seamless line of fluidity.

### SIZE BY SIZE

Smaller cases are available for tighter spaces. There's an Eliga case the size you need to fit any space perfectly.

### A LEG UP

Mitered joints with parallelogram tubing do more than lift our cases off the floor. They make the leg stand out, as well as stand up.
